Status of the Norwegian Dental Association in the CED

Dear Mr. President,

Reference is made to your letter of 3rd October where you formally invite the Norwegian Dental Association to join the CED as an Affiliate Member.

As requested we hereby submit a formal request, allowing for our Affiliate Membership to be voted on at the CED General Meeting on 16 November 2018.

In reference to section 5.1 of the updated CED Internal Rules which states that *"Each Member and Affiliate Member shall have the right to appoint, at its discretion, one representative to each Working Group"*, the Norwegian Dental Associations requests that if the General Assembly accepts our application for affiliate membership of the CED, our representative, Dr. Harry-Sam Selikowitz, is appointed to WG Patient Safety, Infection Control & Waste Management and to WG Oral Health.

Dr. Selikowitz is a former member and the former chair of FDI Science Committee. During his time in the Science Committee, he has been dedicated to important issues such as inequality in oral health, the Minimata Convention, the fight against antimicrobial resistance and the interrelation between Oral Diseases and Non-Communicable Diseases. He has formerly also been involved in WHO-work on Non-Communicable Diseases and Sugar Policy.

Yours sincerely,

Dr. Morten Harry Rolstad

Secretary General, the Norwegian Dental Association

on behalf of

Dr. Camilla Hansen Steinum

President, the Norwegian Dental Association
