Subject: Expression of Interest for Participation in the Task Force

Dear Dr. Sloth-Lisbjerg and Dr. Anna Lella,

On behalf of the Hellenic Dental Association, I would like to express our sincere appreciation for the vital work carried out by the Council of European Dentists and, in particular, the focused initiatives of the Task Force.

Recognizing the importance of coordinated efforts at the European level to address the evolving challenges in the dental sector, we would like to respectfully propose the inclusion of two representatives from our organization in the Task Force's activities:

- **Sofia Papadima**, Legal Advisor of the Hellenic Dental Association, whose extensive expertise in European health law and regulatory matters could offer valuable insight into the Task Force's policy and compliance-related discussions.
- **Dr. Vasileios Stathopoulos**, an appointed representative of our association, who already chairs the W.G. ORAL HEALTH and participates in W.G. E-HEALTH.

We believe their participation could contribute meaningfully to the goals and deliberations of the Task Force, while also ensuring a more inclusive exchange of perspectives across Member States.

We believe their perspectives could prove constructive in the context of the Task Force's work. At the same time, we fully respect that decisions regarding participation and composition rest with the Task Force leadership, and we understand entirely if no additions are foreseen at this time.

We appreciate your consideration and remain available to provide any further information or clarification you may require.

I, as President of the Hellenic Dental Association, personally, remain at your disposal for anything you may need.

Yours sincerely,

Athanasios A. Devliotis
